Q.1. This filter is only sold as 3/package. Can you please confirm that the quantity of 100 3-packs will be acceptable for this quote?

A.1. Yes, 100 three-packs would be acceptable as long as it satisfies our requirement of having one complete change of filter per air purifier. Our requirement is 300 BlueAir 605-100 or equal Air Purifier with HEPA Silent technology or equal, 110V. 60Hz.
